EVENT  
RENTALS

# About Us

*It has been our pleasure to work with our many varied clients since our start in 1968. We have grown from a small equipment rental store to serving our clients with their special event needs at our three locations in the Philadelphia area. We still remain a family owned and operated business with two generations to serve you. A considerable number of our team have grown with the company and worked with our loyal clients over the years. We take great satisfaction in the growth of our company and the list of caterers, hotels, corporations, temples, churches, universities and local families that have come to depend on us for their special event equipment needs.*

*Whether you are planning a simple backyard party, an elegant wedding, bridal/baby shower, bar/bat mitzvah or other religious event, a corporate event, commencement ceremony or even a simple dinner party, A to Z Party Rental and Rental World are equipped to assist you in planning your event and providing the most suitable equipment for your needs.*

*We understand the importance of quality rental equipment, on-time and accurate deliveries, and attention to detail. We constantly strive to live up to those expectations. It is our goal to keep our equipment up-to-date and current with the latest trends.*

*Thank you for considering us as a partner to your event. We look forward to working with you to make your special event more spectacular.*

*The Staff at A to Z Party Rental and Rental World.*

# Tents

The following tents are installed by our trained staff. These tents are priced according to size, installation sites, distance to travel and accessibility to tent site. To ensure your satisfaction, call our special events coordinators for a no cost, no obligation quote.

## POLE TENTS

Center poles as interior supports provide this style tent with endless decorating possibilities and enough space for any major event.

Pole tents must be fully staked to the ground.

Pole tents are available in widths of 20', 30', 40', 60', 80' and 100'.

Optional lengths are available for each size.

## FRAME TENTS

Frame tents are available in widths of 15', 16', 20', 30', 40' and 50'.

Sail Cloth tents are available in widths of 44' and 59'.

Optional lengths are available for each size.

## CLEAR SPAN STRUCTURE

Clear span tents provide a well secured environment for long term installations and high profile events. They are assembled with box beam aluminum giving them incredible strength. These tents can be anchored with stakes or concrete weights.

# Seating Information

## Rule of Thumb for estimating seating capacity per square foot:

### For Banquet Style Seating

- When using oblong tables, divide the room area (sq. ft.) by 8.
- When using round tables, divide the room area (sq. ft.) by 10.

*These figures are for maximum seating. If space is available for more comfortable seating, allow an additional 2 sq. ft. per person.*

Aside from main traffic areas, allow 54" between round tables for chair and service space and 60" between oblong tables where seating is back-to-back. This permits 24" service space behind an 18" chair depth.

### For Classroom Style Seating

Divide the "student" seating area (sq. ft.) by 8.

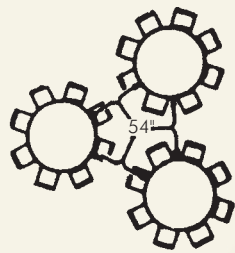

### For Theater Style Seating

Divide the "spectator" seating areas (sq. ft.) by 6. This method of figuring allows for chair and passage aisle. It does not allow for problems caused by traffic aisle, location of columns, service doors or unique room shapes. It is useful for a quick, general approximation.

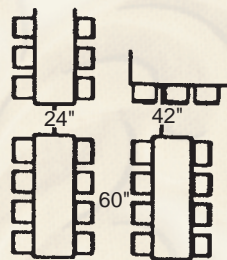

Where food service is not required and seating is at one side of the table, allow 36" between. While this may vary with degree of aisle comfort required, 36" distance between rows of chairs will suffice.

### Seating and Space Guide

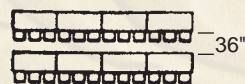

Cocktail parties (stand up)	5-6 sq. ft./person
Cocktail parties (some seated)	8 sq. ft./person
Reception, tea type (some seated)	8 sq. ft./person
Dinner, using oblong tables	8 sq. ft./person
Dinner, using round tables of 10	10 sq. ft./person
Dinner, using round tables of 6-12	12 sq. ft./person
Cathedral seating (seating in rows)	6 sq. ft./person
Dance area	2-4 sq. ft./person
