

Quarterback Toss

- 1.) Select a level area to operate game with plenty of room to allow for a line to form a safe distance between player and spectator(s).
- 2.) Assemble framework per sketch. Note that the eight longer pieces of tubing are used to form the sides (2 per side) while the four shorter crimped pieces are to be used to create the base. (Be sure to tighten down the fittings using the small bolts o them.)
- 3.) Attach the painted canvas to the framework assembly using the Velcro straps.
- 4.) If using the game outdoors, it is strongly recommended to use the stakes provided on either side of the bottom supports. Use sandbags on pavement. And in a breeze, use sandbags with stakes.
- 5.) Never fold up canvas when wet - allow to dry thoroughly.

Note: Your canvas is powdered to prevent it from sticking together during shipment. Simply remove powder with a dry cloth.

Safety Instructions

- 1.) Be sure there is plenty of clearance between the player and the spectator(s).
- 2.) Keep spectators clear from the sides and back of the canvas to prevent them from being struck by a deflected or errant throw.
- 3.) If using the game outdoors, it is strongly suggested that you use the stakes provided on either side of the bottom supports. Use sandbags on pavement. And in a breeze, use sandbags with the stakes.
- 4.) **NEVER USE THE GAME IN STRONG WINDS OR LIGHTENING !!!**
- 5.) Use caution when setting up or taking down the game. The sections of tubing can come apart and fall down causing injury.
- 6.) Use only the balls included with the game. Do not use hard balls or other hard objects.
