NOTICE TO RIDERS

ONLY 1 RIDER AT A TIME ON EACH PONY HOP! MULTIPLE RIDERS INCREASE THE RISK OF INJURY, SUCH AS BROKEN BONES (HEAD, NECK, LEG or BACK)

DO NOT ATTEMPT TO DO ANYTHING ELSE, BESIDES RACING ON FLAT SURFACES! HORSING AROUND CAN CAUSE SERIOUS INJURY AND SHOULD BE PROHIBITED!

ALL SIZES HAVE A 750 LB WEIGHT LIMIT

USING AN AIR COMPRESSOR MAY CAUSE THE PONY HOP TO OVER INFLATE.

KEEP AWAY FROM SHARP OBJECTS!

SHARP OBJECTS MAY CAUSE YOUR PONY HOP TO LEAK OR BURST.

MAKE SURE YOUR ON THE CORRECT SIZE PONY HOP.

THIS INSURES A GOOD EXPERIENCE AND LESS MANPOWER TO OPERATE.

BOUNCING TOO HIGH OR TOO FAST WILL CAUSE YOU TO LOSE CONTROL AND POTENTIALLY CAUSES INJURY.

HAVE FUN HOPPING!!

INTRODUCTION TO PONY HOPS

PONY HOPS COME IN 3 SIZES

SMALL INTENDED FOR AGES 3-6

MEDIUM INTENDED FOR AGES 7-12

LARGE INTENDED FOR AGES TEEN TO ADULT

EACH PONY HOP REQUIRES 2 AIR VALVES

(Colors May Vary)

THESE AIR VALVES ARE “NO-LEAK, NO-OVERINFLATION” VALVES MEANING IF YOU USE THE PROPER PONY HOP INFLATOR YOU CAN NOT OVER INFLATE. AIR COMPRESSORS CAN CAUSE OVER INFLATION. WE DO NOT RECOMMEND USING AIR COMPRESSORS.

MAKING SURE THAT NOTHING IS IN THE WAY OF THESE BLACK O-RINGS IS KEY TO KEEP THE PONY HOPS INFLATED PROPERLY. IF THERE IS SOMETHING IN THE WAY OF THESE O-RINGS IT WILL CAUSE LEAKING TO OCCUR.

ASSEMBLY INSTRUCTION

TWO PEOPLE RECOMMENDED FOR ASSEMBLY

PLEASE FOLLOW EACH STEP TO START HOPPING AROUND ON YOUR PONY HOP

STEP 1:

TAKE YOUR PONY HOP(S) OUT OF THE BOX AND IDENTIFY YOUR PARTS. FOR EVERY PONY HOP YOU HAVE YOU SHOULD HAVE 2 AIR VALVES TO INFLATE.

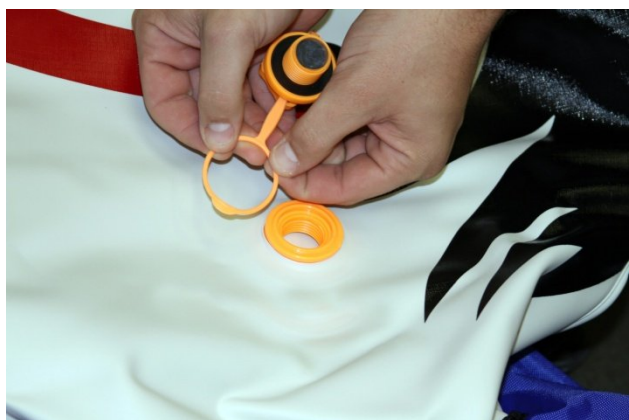

Figure 1

Figure 2

TAKE THE OUTSIDE RING, SHOWN IN FIGURE 1, AND ATTACH IT OVER THE LOCATION AS SHOWN IN FIGURE 2. MAKE SURE IT IS DONE CORRECTLY AS SHOWN IN FIGURE 3 BELOW.

Figure 3

ONCE YOU HAVE ATTACHED THE VALVE TO THE VALVE LOCATION, SCREW IN YOUR AIR VALVE. MAKE SURE THERE IS NOTHING IN THE WAY OF YOUR BLACK O-RINGS. ONCE YOU HAVE SCREWED IN YOUR AIR VALVE LOOSEN THE SMALLER CAP ON TOP OF THE AIR VALVE AS SHOWN IN FIGURE 4 BELOW

Figure 4

Figure 5

ONCE YOU HAVE THE FIRST VALVE HOOKED UP, LOCATE THE OTHER VALVE CONNECTION ON THE BACK OF THE PONY HOP AND REPEAT STEP 1

STEP 2:

YOU WILL NEED AN INFLATOR/PUMP FOR STEP 2. INSERT YOUR PUMP INTO THE AIR VALVE AS SHOWN IN FIGURE 6 BELOW. INFLATE THE HEAD OF THE PONY HOP UNTIL IT IS COMPLETELY INFLATED.

Figure 6

ONCE THE HEAD IS COMPLETELY INFLATED SCREW ON THE TOP CAP TO CLOSE OFF THE SEAL. NOW YOU WILL NEED TO INFLATE THE OTHER SIDE.

WE RECOMMEND A HELPER WHEN INFLATING THE BOTTOM VALVE

HAVE YOUR HELPER HOLD THE INFLATED HEAD OF THE PONY HOP WHILE INFLATING THE BOTTOM VALVE. THIS WILL INSURE THAT THERE ISN'T ANY STRESS ON THE BLUE SLEEVE AROUND THE NECK OF THE PONY HOP. WHEN THE BLUE SLEEVE IS STRESSED AGAINST THE NECK IT HAS THE POTENTIAL TO CREATE A RIP IN THE BLUE SLEEVE AND WILL NOT BE COVERED UNDER WARRANTY!

SEE FIGURE BELOW TO IDENTIFY STRESS ON THE PONY HOPS NECK.

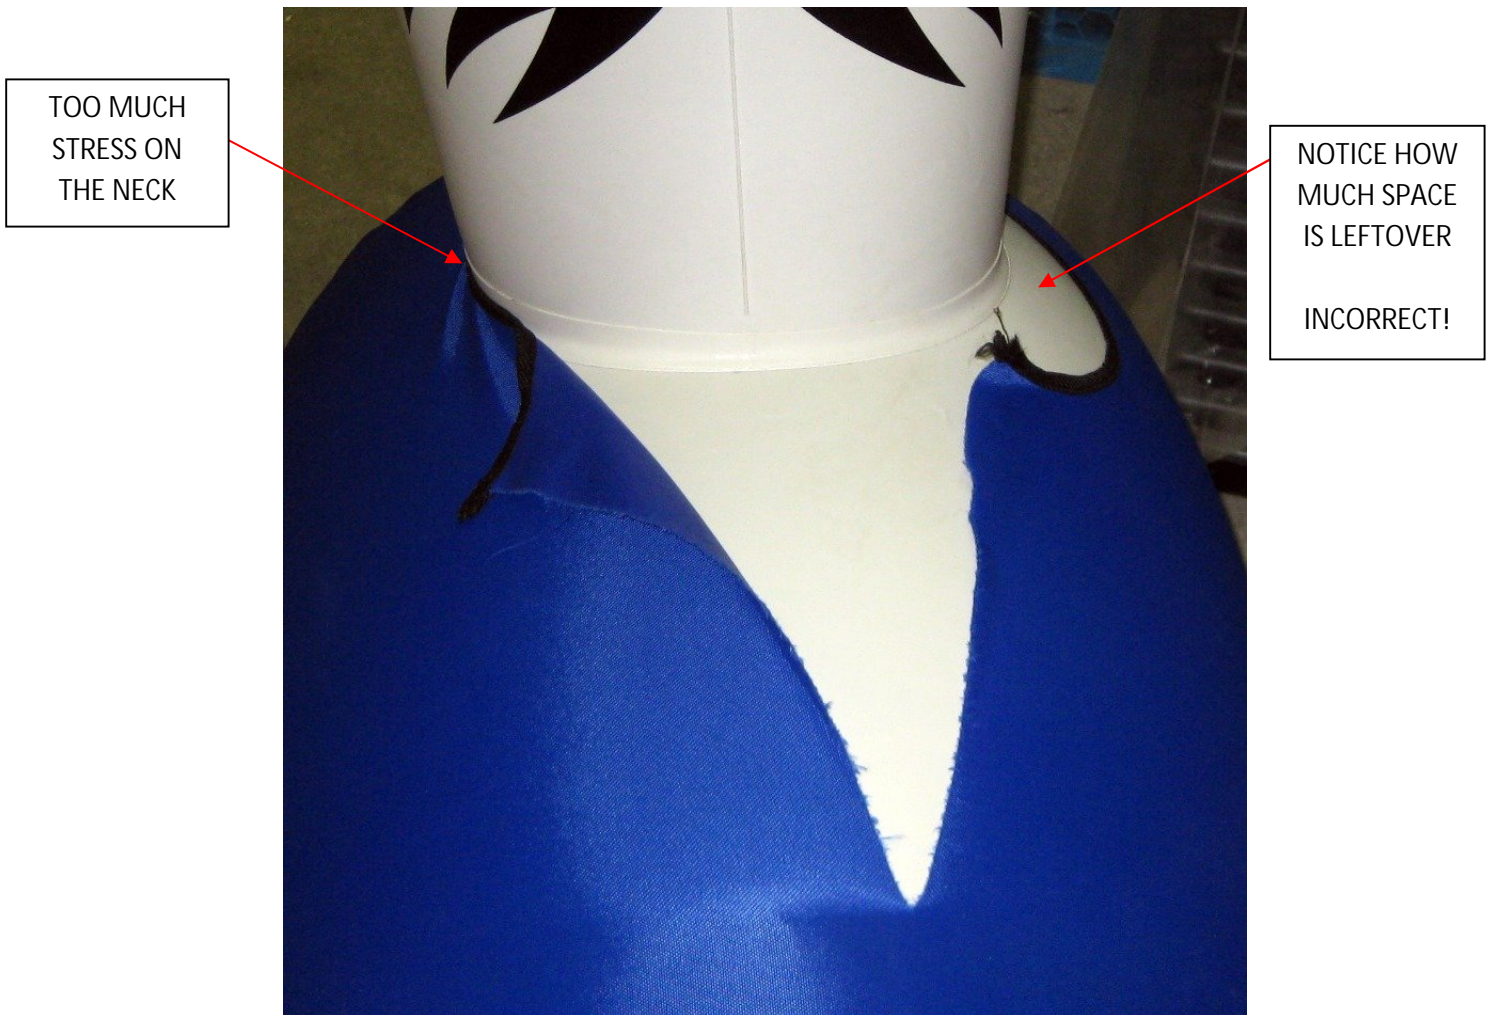

Figure 7

ONCE YOU HAVE INFLATED BOTH SECTIONS AND YOU HAVE MADE SURE THAT BOTH VALVES ARE SEALED PROPERLY, YOU ARE NOW READY TO USE THEM!

DISASSEMBLY

TO DISASSEMBLE FOLLOW THE STEPS IN REVERSE ORDER. TO DEFLATE YOU WILL HAVE TO UNSCREW THE ENTIRE AIR VALVE TO RELEASE AIR PRESSURE. ONCE DEFLATED YOU CAN PUT THEM BACK INTO THEIR BOX.

CARE AND MAINTENANCE

PONY HOPS CAN BE USED ON ALMOST ANY FLAT SURFACE AND HAVE EVEN BEEN USED ON BASKETBALL COURTS AND BASEBALL FIELDS!

CLEANING IS A SIMPLE TASK. ONCE DEFLATED THE BLUE SLEEVE CAN BE EASILY REMOVED TO WASH. WE RECOMMEND HOT SOAPY WATER TO USE FOR CLEANING. DO NOT LEAN PONY HOPS AGAINST THINGS THAT CAN CAUSE PUNCTURES! THIS IS NOT COVERED UNDER THE WARRANTY!!!

WARRANTY INFORMATION

(1) YEAR WARRANTY ON WORKMANSHIP AND MATERIALS

Trampolines USA shall have no liability for any damages due to lost profits, loss of use or anticipated benefits, or other incidental, consequential, special or punitive damages arising from the use of, or the inability to use, this product, whether arising out of contract, negligence, tort or under any warranty, even if Trampolines USA has been advised of the possibility of such damages. Trampolines USA liability for damages in no event shall exceed the amount paid for this product. Trampolines USA neither assumes nor authorizes anyone to assume for it any other liabilities. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

WARRANTY CONT...

Misuse, improper handling or storage, improper maintenance and or care, or accidental, abusive and or negligent treatment of the product will invalidate the Trampolines USA warranty coverage.

All requests of buyer for warranty work and replacements are subject to product inspection at Trampolines USA factory. Final evaluation of warranty claim will be done when product arrives at Trampolines USA factory. A photo or photos of the suspected area requiring repair is required.

Warranty repair work will be provided by Trampolines USA. Warranty will be null and void if any modifications and repairs are performed at an unauthorized inflatable repair company at any time. Return shipping will be at the expense of the product owner and will be refunded if unit meets warranty guidelines

Enjoy your Pony Hops!!
